- 151 **What's WORKS Got to DO With it?** Despite this title's poorly worded English, this Paper considers the Question that seems to Provoke such an Averse Reaction among Evangelicals. Does their position Against our Doing ANY Works reflect a Correct Understanding?
-
- 152 **You DO Believe in the Trinity, Don't You?** This Prime Question posed by potential Counterparts in the Religious World can make or break a Dialog. How we respond to it can have Far Reaching and even Abrupt Consequences. Do WE know what Answers to Give?
-
- 153 **Blindness IS Happened to Israel** Regarded as God's Chosen People, We have to Wonder WHY we don't see a Greater Conversion Rate among Ethnic Israelites. What accounts for the Condition we find among even their Most Devoutly Religious Peoples in 'the Christian Era'?
-
- 154 **How Religion Mis-Identifies Israel** Many Bible Prophecies Relate to the Nation of ISRAEL in the End-Time. The True Identity of the WHOLE 'House of Israel' factors into Understanding those Prophecies. Is there Something Significant that modern Evangelicals have Overlooked, and Why?
-
- 156 **The Love of the Brethren** The Modern Church Era brought a NEW Philosophy as it regards How God's People are to Respond to the Great Commission. Certain Ministries of the Church are Organized and Administered by an Echelon of Elders who regard their Offices as being 'The Church'. Does this idea meet the Standards and Criteria of the Early Church as we find in Scripture?

WS The New MILLENNIAL Worship System A Prophecy given in the Book of Ezekiel describes a future Worship System few have ever heard about. Major components of 'New Covenant Theology' exclude what these clear Biblical Passages reveal. As the information in these several chapters in Ezekiel is disturbing, most prefer to disregard the Theological Questions they expose. From the Feb/04 *Good News Reading Program*, printed with permission.

LGD The Overall " Plan of God " A comprehensive look at the various kinds of Peoples and the successive Ages in which God is working with Humanity. Though being somewhat whimsical, like a take-off on the 'Star Wars' Episodes, nevertheless, Biblical Reality presents even more fascinating scenarios. This four page handout from the 2005 Last Great Day message presents each of the categories of Mankind existent in each age and harmonizes the two major Scriptural Passages that speak directly of the subject of all Three Resurrections.

AK Evangelicalism and the 'Spirit of Antichrist' in the End Time This Article written by minister/author Alan Knight Deals with the Generally Unrecognized Threat Posed by Modern Protestant Evangelicalism to the Church of God. This Dangerous Development was Prophesied! (Attached with #61)

HS Using the Holy Spirit - Smug Security or Creative Risk? The Holy Spirit makes possible the development of Righteous Character. But Comfortable Complacency can mean a Smug Security instead of extending oneself. The parable of the talents helps explain the difference. by Graemme Marshall (copied with permission)

CO Considering the REAL Message of the Epistle to the Colossians A Key Book in the Antinomian Arsenal, those who insist the Law is "all done away", is discussed in a three-part article series by well-known WCG authors. K.J. Stavrinedes (written well before the great 'paradigm shift' in the WCG) admits things current leadership seems 'forgetful' of. Leon Walker adds to the affirmations of what the WW Church of God used to readily admit (Available by surface mail only.)

BF " The Two Powers in Heaven " The Nature of God Controversy in First-Century Judaism ' Strict Monotheists ' enjoy the unexposed 'cover' of a wide-spread Misrepresentation of Fact, holding that the Jews of the First Century and before Had NO awareness of any possibility of there being more than just One Person in the Godhead. Unfortunately for them and fortunately for Advocates of New Testament Theology, the historical record, found in their own writings, prove otherwise! As in our day, the same TRUTH that got Christ Crucified was in the First Century regarded as a Most Provocative 'Heresy' !
By Brian L. Fulton, printed with permission. (Available only by surface mail.)

DS Contemplating the "SECOND Death" What NEED is there for a 'Second Death', when the Dead are Already Dead? The author poses a question that exposes an obvious flaw in Traditional Theology. Not all the Dead attain their ultimate 'Reward' in their first Death! By David Sandland, 10/05 from *the United News*, copied with permission

CW7 Letters to the Seven Churches: Historical or Prophetic? A Recurring Controversy within Theological Circles is the Applicability of the Messages to the Seven Churches of Revelation 2 and 3 to Subsequent Ages.

SS Sunday Sabbath – By Whose Authority? A Reprint Article, Written in the 1920's, reveals the Substantial Transformation that occurred in the early Twentieth Century with regard to the Applicability of God's Law to Christian Life. Not only as it regards the Sabbath Question, but the overall Law ! If modern Protestants only knew what their early Luminaries (such as Dwight L. Moody, Charles Spurgeon and Jonathan Edwards and others) actually taught. The 'liberalization' processes that recently overwhelmed the WCG did the same among most respected Protestant Organizations in the early decades of the twentieth century.

HC Development of the Hebrew Calendar Many Assumptions Factor into Peoples' Positions Regarding that 'True' Calendar by which we should Observe God's Annual Feasts. Fundamental to Most Is the Assumption that the Calendar has Remained Unchanged throughout History. By John Lemley, minister. Copied with permission.

RM Overview of the Feasts Jesus, the Focus of the Feasts and the Reason for the Seasons! Understanding God's plan and how it is interwoven into the structure of His days is a continuing and collective effort that has spanned decades and will no doubt continue until the ultimate fulfillment of His plan.

EK The Enduring Enigma of SIN The Apostle Paul, trained and tried as few others have been, lays out for us a Profound Theological Consideration mankind has struggled with for all time. Do we appreciate his Inspired Insight? Will we allow it into our Thinking?

GM The Apostle Paul and the Law of Moses Did the Apostle Paul teach against the Law of Moses? Was the purpose of the Law to function only until the cross?

BC What Happens at the Moment of Death? "If a man die, shall he live again? All the days of my appointed time will I wait, till my change come." (Job 14:14) Perhaps the most Enigmatic Question in all of the Communities of man, it has a Clear, Comforting Biblical Answer!

RECOMMENDED READING

Pharaohs and Kings, by David M. Rohl, ISBN: 0-517-70315-7 (This book is in some local libraries.) From his youth, David Rohl was fascinated with Egyptian Archaeology. Disturbed with what proved to be deliberate misaligned chronology, making it appear that Biblical history didn't correlate to Egyptian history, he sought better answers than are set forth by the 'accepted' Egyptologists.

The Day Behemoth and Leviathan Died, by David A. Deal, ISBN: 0-933677-01-1 This book de-bunks basic evolutionary premises, showing the evidence of massive catastrophic events in recent millennia, continental drift, drastic climate changes as well as a section on the Noah's Ark site findings. David is the one who discovered the ancient necropolis cities (Nauxuan and Seron) at the Ark site! He has another interesting book: ***Discovery of Ancient America***, which shows Israelitish presence on this continent in the years BC. Many early North American names and words are derived from ancient Hebrew! He gives the *Strong's* word numbers showing how many 'modern' words and names were anciently derived!

A four book series by Steven Collins (www.bibleblessings.net), ***Origins and Empire of Ancient Israel; Israel's Lost Empire; Parthia: The Forgotten Ancient Superpower;*** and ***Israel's Tribes Today***. These four were originally published in abbreviated form in ***The Lost Ten Tribes of Israel...Found***. This first book is a good starter, but may be out of print. The four book set is much more informative. Steve was formerly a WCG member, but had a passion for this subject that preceded that association, left it for much the same reasons many of us had to, (rank apostacy) and he went much more deeply into it than the Churches of God of various affiliation ever did. Many of them exhibiting rather average talents.

The Christian Passover, by Fred R. Coulter, ISBN: 0-967547-0-3 Available from the Christian Biblical Church of God, York Publishing, P.O.Box 1038, Hollister, CA 95024 Fred, a minister who saw need to separate from the WCG atmosphere in the late seventies, has since then authored several important research books, not the least of which is ***A Harmony of the Gospels***, ISBN: 0-9675479-1-1.

Primitive Christianity in Crisis, by Alan Knight. ISBN 0-9679332-0-X, also available from the author: A.R.K.Research, 2704 Summercrest St., Caldwell, ID 83607 This one is priceless in its perspective on how Gnostic beliefs infiltrated the theology of the New Testament Church, absorbing just enough to render its teachings ineffectual. The protestant reformation reintroduced a lot of those same toxic concepts. A follow-up Volume 2 to the aforementioned, is ***"Spirit of Antichrist"*** Against the Hebrew God of Creation / The Babylonian Heritage in Modern Christianity, ISBN 970-0-9679332-1-4.

Fossilized Customs, by Lew White. ISBN 0-9584353-6-7, revealing the Pagan Sources of Popular Customs: A revealing review of the many customs and beliefs that permeate our society from a 'messianic' viewpoint. Copies of this book are available from the author thru Torah Zone Productions, 2303 Watterson Trail, Louisville, KY 40299 or www.fossilizedcustoms.com (Reminiscent of, but more thorough than Ralph Woodrow's book: *BABYLON Mystery Religion*.)
